The Robert David Lion Gardiner Foundation Supports the Museum of Democracy

(New York, NY) – The Robert David Lion Gardiner Foundation approved a \$100,000 grant to the Museum of Democracy (MOD) to catalog, preserve, and manage a collection of approximately one million historical art, artifacts, and memorabilia.

MOD hosts a more than a million assemblage of historical art, artifacts, and memorabilia. These objects, from rare and important flags, posters, paper dresses and lanterns, to ice cream bars, sunglasses and buttons form a fascinating, moving sometimes funny, sometimes outrageous physical record of the past. The collection provides wonderful insight into America's most important achievements.

“This grant marks the beginning of a new phase for the Museum of Democracy. We’re looking forward to sharing this historic collection, unlike anything else, with more people across our country. This grant is the first step to achieve that, and there is no better place for this collection than in the Hamptons area,” said Pamala Wright, Project Director for the Museum of Democracy. “We are extremely grateful for the support of the Robert David Lion Gardiner Foundation, and look forward to this new partnership.”
